

# Versatile scanners for versatile businesses

Scanners that work hard  
for your business

[brother.co.uk](http://brother.co.uk)

**As a small business  
owner, you're probably  
used to performing  
many roles.**

If you want your technology to do the same, look no further than Brother's compact scanner range. From digitising multi-page contracts to filing online tax returns, they have all the features you need.

## Fitting perfectly into the way you work

Portable, connected and with versatile scan-to options, Brother scanners give you the freedom to do business your way.

### Portable compact document scanner

USB 3.0 power means the ADS-1200 works without a mains connection, and its lightweight, compact construction lets you work from anywhere. Portability doesn't mean sacrificing performance though. Scan two-sided documents at speed, send documents to PDF, email and USB, and edit the results with the included Nuance Power software.

25ppm/50ipm, 2-sided colour scan speed

20 sheet automatic document feeder

Powered for portability with USB 3.0

Dedicated plastic ID card slot

Scan to PC and USB host

Industry leading Nuance Power PDF software

**ADS-1200**

### Wireless compact document scanner

The Wi-Fi connectivity on the ADS-1700W gives you the flexibility to work from mobile devices and tablets as well as your computer. Offering touchscreen functionality with programmable shortcuts and an automatic document feeder, it makes admin much easier.

25ppm/50ipm, 2-sided colour scan speed

20 sheet automatic document feeder

Wireless network connectivity

Dedicated plastic ID card slot

Create up to 20 shortcuts on 7.1cm LCD colour touchscreen

Scan to PC, e-mail server, network, FTP, custom workflows and USB host

Industry leading Nuance Power PDF software
