

Unify the Office with Elo

Improve the digital workplace with interactive experiences

Elo brings the broadest size offering of interactive displays, enabling organizations and corporate campuses to deploy a consistent experience across all interactive touchpoints. From access control and visitor management to room scheduling and huddle room, our interactive solutions help streamline operations and transform any meeting room or public space into a collaboration center.

Empower team collaboration with a complete solution from a single manufacturer. Simply pair Elo's large format interactive display with our slide in computer module and Elo Edge Connect™ conference camera to create a flexible all-in-one solution purpose-built for collaboration and video conferencing. Elo's modular designs and software agnostic approach gives end users seamless integration of all components needed for a turnkey solution driven by a single power supply.
