TOGETHER INFORMATION

For a Greener Tomorrow

Going the extra mile

Caring for the environment and its resources is part of Toshiba's tradition. To contribute to a more sustainable society and as a globally operating enterprise, we give the highest priority to conserving and protecting resources during every part of a product's life-cycle.

We take measures to conserve energy and resources and reduce the burden on the environment, whilst understanding the needs of our customers. Therefore, we make sure that our products and solutions not only have an ecological benefit, but also positively impact the economy and efficiency of businesses.

So whether you are looking at hardware products, such as our multifunction systems and printers as well as our barcode and label printers – or our software and services, with Toshiba you have a trusted partner at your side to help you achieve your company's environmental goals.

Responsible business

It is clear that human activities are affecting the global climate, so it is vital that we find ways to reduce our greenhouse gas emissions. Efforts to do so are growing, but it is impossible to eliminate these emissions altogether. This is where carbon offsetting can help. Carbon offsetting is a way to reduce the amount of CO_2 released into the atmosphere by balancing out the amount of these gases through participation in environmental projects which have a positive net impact.

Toshiba's Carbon Zero Scheme lets you offset the unavoidable. With the help of the carbon offsetting experts at CO2balance we have devised a scheme with which we can offset the carbon footprint of your Toshiba systems, taking into account the carbon emission during the parts procurement, manufacture and transportation of our systems. Through this process the emissions are balanced to become "Carbon Zero", which allows for positive printing and copying with no detrimental effect on the environment. Since 2009 we have offset over 500,000 tonnes of CO_2 throughout Europe.

Our industry-leading offsetting programme supports various Gold Standard projects around the world, underlining Toshiba's commitment to people and the future. We are proud that our Carbon Zero programme also supports 14 of the 17 Sustainable Development Goals set by the UN to drive forward positive change over the next fourteen years. This set of 17 measurable Sustainable Development Goals range from ending world poverty to achieving gender equality by 2030.

Monochrome Printing Has Never Been This Green!

Toshiba's hybrid technology combines conventional printing with erasable printing which allows you to reuse paper over and over again. One single device which easily connects, integrates and simplifies your workflows, and also helps to save valuable resources. This significantly reduces the paper consumption and as a result, you save valuable resources and contribute to a greener tomorrow.

Key Specifications

e-STUDIO5008LP series

Functions	Print, Scan, Copy, Erase Fax[1]	
Print & Copy Speed	Monochrome: A4: 35/45/50 ppm A3: 18/22/25 ppm	Erasable Blue: A4: 35/35/35 ppm A3: 18/18/18 ppm
Maximum Paper Capacity	3,200 sheets	
Document Feeder	Reversing Automatic Document Feeder (RADF)[1] or Dual Scan Document Feeder (DSDF)[1]	
Paper Size & Weight	Cassettes: A5R-A3, 60-256 gsm	Bypass: 100 x 148 mm-A3, 60-256 gsm
Memory	Toshiba Secure HDD 320 GB, 4 GB RAM	
Control Panel	Customisable 22.9 cm (9") multi-touch colour panel	
Warm-up time (from power save mode)	~ 22/26/26 seconds	
Finishing Options (for printing with black toner)	✓	
Features	Mobile printing, Wireless printing[1], Embedded Apps[1], Paper erasing and reusing, Single-pass Duplex Scan and sorting via e-STUDIO RD301[1]	

[1] Optional

A3 Colour Systems

Easy colour document management

Our A3 colour systems deliver outstanding image quality without compromising on ease-of-use. Equipped with a large, tablet-like user interface, you have direct access to all functions.

Designed for modern office workflows, they seamlessly integrate into existing networks and offer leading security features. With print speeds ranging from 20 pages per minute (ppm) all the way up to 75 ppm in colour, you can choose the system, which meets your needs best.

e-STUDIO5516AC/6516AC/7516AC

These high-end colour models represent the finest Toshiba has to offer, thanks to seamless workflows and simplified integration. The high volume document output with an impeccable colour quality make them perfect for businesses that want to make an impact.

The tablet-style touch screen allows you to streamline complicated multi-step processes into automated one-touch functions, not forgetting the support of cloud and mobile printing makes flexibility in the workplace easier than ever.

e-STUDIO2515AC/3015AC/3515AC/4515AC/5015AC

Every business is unique. That's why these impressive colour machines offer the latest customisable solutions that can be tailored to meet your needs. Combine this with the five different print speeds and you have a multifunction system which covers even the most demanding requirements.

With its advanced features, the e-STUDIO5015AC series also enhances your security. At Toshiba, protecting your business's data is at the forefront of our minds while designing our products.

e-STUDIO2010AC/2510AC

Small and medium workgroups looking for quality colour will appreciate the fact that these entry-level colour models easily integrate into existing IT infrastructures, and are fully customisable and solutions ready, thanks to their open platform architecture.

With a wide range of options available, you can customise and automate workflows according to your business processes.

Connect. Integrate. Simplify.

Technology for every workplace delivering advanced functionality, ease of use and peace of mind

Every business is unique. That is why Toshiba offers the latest customisable solutions that can be tailored to meet your needs. Our solutions help you simplify complex tasks while managing diverse information — efficiently and safely to maximise your productivity.

Toshiba's latest series delivers on our promise of Together Information, our commitment to collaborate with clients to provide tailored, cost-effective solutions that meet your print, document management and content needs while helping you to meet your green objectives.

Key Highlights

- **Ultimate user experience**

- **Industry-leading security standards**

- **Customisable user interface**

- **Extensive range of apps, cloud and mobile print functions**

- **Advanced administration features**

A3 Monochrome Systems

Highly productive document handling

Whether you are looking for high-volume and high-speed or a compact system for your day-to-day business, Toshiba's A3 monochrome range, with print speeds between 25 ppm and 85 ppm, has a system to perfectly meet your needs. Based on trusted Toshiba technology all systems were built to provide reliable document output — from the very first page, right to the last.

e·STUDIO5518A/6518A/7518A/8518A

This high-end A3 monochrome line-up looks great, inside and out. Along with an ultra-modern look, you'll also find innovative technology and crisp, clean monochrome output for needed high-volume and high-speed print jobs.

The Dual Scan Document Feeder with a paper capacity of up to 300 sheets is standard on all models and can process documents at an impressive speed of up to 240 images per minute.

e·STUDIO2518A/3018A/3518A/4518A/5018A

The five different print speeds on these fast and efficient devices, combined with a large range of options allows flexible customisation and easy adaptation to a company's requirements. Not forgetting the print, scan, copy and fax[1] functions that meet the needs of modern businesses.

Featuring a newly designed tablet-style touch screen with an embedded web browser is easy to use and customisable to meet your needs.

e·STUDIO2329A/2829A

What ever you need, Toshiba's monochrome printing systems are there to support you. Packed with multifunctional potential the e-STUDIO2329A/2829A deliver outstanding performance. Brilliant prints, crystal-clear colour scans and quick copies are packed in a stylish design. Add the optional fax and these systems can meet all demands of a modern office environment.

e·STUDIO2323AM/2823AM

A reliable and economical multifunctional system, which will cover all your day-to-day needs. With an output speed of 23 and 28 pages per minute the e-STUDIO2323AM/2823AM can easily keep up with the needs of today's businesses. Their outstanding image quality will give your documents a professional look and leave a lasting impression with your business partners.

e-BRIDGE Plus Apps

Embedded Apps

Each company has different ways of storing and sharing data. Therefore, all e-BRIDGE Next systems can be equipped with apps to enhance your efficiency. Just choose the ones you need to customise your MFP and meet your individual requirements or preferences. Whether you wish to connect to cloud services or local applications, we have the solution.

To ensure you have the perfect fit, our team of software developers can even create customised apps for you.

Cloud Solution Apps

- e-BRIDGE Plus for Box
- e-BRIDGE Plus for Dropbox
- e-BRIDGE Plus for Google Cloud Print
- e-BRIDGE Plus for Google Drive
- e-BRIDGE Plus for OneDrive
- e-BRIDGE Plus for OneDrive for Business[1]
- e-BRIDGE Plus for SharePoint Online[1]
- e-BRIDGE Plus for Exchange Online[1]

Workflow Solution Apps

- e-BRIDGE Plus for Barcode Scan
- e-BRIDGE Plus for Zone OCR
- e-BRIDGE Plus for USB Storage
- e-BRIDGE Plus for Green Information

Plug and Play

With Toshiba e-BRIDGE Plus technology, you can add new features and enhancements as easily as you would on your smartphone. Productive, intuitive and always up to date, these apps will further improve your document handling.

Toshiba's e-BRIDGE Plus technology is pure plug & play, allowing you to seamlessly integrate these clever apps into the modern and intuitive user interface of all our e-BRIDGE systems. Say goodbye to external servers and cumbersome configurations and simplify complicated and frequently used operations - simply install and immediately enjoy the many benefits.

Personalise your Toshiba systems

With Toshiba's e-BRIDGE Plus apps you can increase your efficiency at the touch of a button. These apps are great at streamlining processes without unnecessarily inflating your IT infrastructure.

Personalise your Toshiba systems with features tailored to your needs. Is your office in the cloud? No problem - we like to connect you.

A4 Colour Systems

e-STUDIO389cs/479cs

These remarkable multifunctional systems cover nearly all areas of your office document handling – offering print, scan, copy and fax functions. Latest technology ensures these devices can easily be integrated into your existing print fleet, and therefore help to optimise your document workflow.

Via the tiltable colour touch panel, it has never been easier to access functions and apps.

e-STUDIO338cs/388cs   e-STUDIO388cP

These compact devices offer a remarkable image quality that give your documents the wow-factor. The tiltable, colour touch panel and keypad offer a straight-forward way to access all the device's functions and features – all at just the press of a button.

Cutting edge technology ensures your colour print job does not come to a halt when you run out of toner, simply select to continue printing in monochrome instead. Productivity does not stop there; a high paper capacity ensures large print jobs run with ease.

A4 Monochrome Systems

e-STUDIO2822AM/2822AF

The innovative e-STUDIO2822AM/2822AF have more to offer than you think. These A4 systems are capable of also handling A3 when printing, scanning and copying. So even if your main need is for A4 document output, you do not have to miss out on A3.

e-STUDIO408s/448s

If you are looking for a powerful multifunctional system packed with features, search no more. Thanks to the flexible connectivity possibility and the support of mobile printing they also meet the requirements of modern business workflows.

e-STUDIO478s

This all-in-one device covers the needs of modern businesses and comes with many features which will make your daily work more efficient. The device can do more than just print, scan, copy and fax - it easily integrates into your cloud and mobile workflows. Not forgetting, the e-STUDIO478s complies with the highest environmental standards and has built-in features which help save valuable resources.

e-STUDIO408p/478p

These printers are ideal for small and medium-sized businesses and workgroups. They can even grow with your needs, e.g. by adding additional paper sources to increase the capacity. These devices also deliver an impeccable document output every time you print.

e-STUDIO528p

This device is built to last – its robust structure can withstand the most demanding business environments. A range of options allow you to tailor this A4 monochrome print system to your individual requirements, and therefore optimise your document workflow.
